Smart Contract Audit Agreement

This Smart Contract Audit Agreement ("Agreement") is entered into on this day between OnChain Security Labs ("Auditor") and [Client Name] ("Client"). Both parties agree to the following terms and conditions outlined below.

1. Scope of Work

The Auditor agrees to perform a comprehensive audit of the Client's smart contract(s), including but not limited to: Code review for logical vulnerabilities and inefficiencies. Testing for reentrancy, overflow/underflow, and permission control issues. Verification of compliance with best practices and gas optimization standards. Preparation of a detailed audit report with risk assessment and mitigation recommendations.

2. Deliverables & Timeline

The Auditor shall deliver the preliminary audit report within 10 business days from the commencement date, followed by a final report within 5 business days after receiving feedback from the Client.

3. Payment Terms

The total cost for the audit services shall be \$5,000 (Five Thousand US Dollars). Payment is due as follows: 50% (\$2,500) upfront before commencement of work. 50% (\$2,500) upon delivery of the final audit report. Payments shall be made via bank transfer or stablecoin (USDC/USDT) to the designated wallet provided by the Auditor.

4. Confidentiality & Liability

Both parties agree that all shared materials, reports, and code under this Agreement are confidential. The Auditor shall not disclose any details of the Client's codebase or findings to third parties without prior written consent.

5. Agreement & Signatures

By signing below, both parties acknowledge that they have read, understood, and agreed to the terms set forth in this Smart Contract Audit Agreement.
